**Tim Shaw RA** was winner of the 2024 PSSA Marsh Award for Excellence in Public Sculpture with *Man on Fire*.

On winning the award, Tim Shaw commended its aims stating, 'The PSSA Marsh Award performs an essential and extremely important job of raising awareness and educating people about public sculpture – this connects contemporary life to our history.'

Originally shaped by press images of a soldier engulfed in flames, leaping from his burning armoured vehicle during a riot in Basra at the height of the Iraq War, *Man on Fire* bears witness to the horror of war.
